About Us

Brief Overview of the Company

Efezino Petroleum Engineering and Supply Company Limited, incorporated on September 23, 2023, is a dynamic and forward-thinking enterprise operating from its headquarters at No 28, Ughelli Patani Expressway, Delta State.

We specialize in a comprehensive range of services within the oil and gas sector, including the sale of petroleum products, engineering, procurement, construction, and operations.

Our operations extend to marketing petroleum products, providing civil engineering solutions, and offering energy consultancy. Additionally, we operate supermarkets to meet the diverse needs of our customers. Our current infrastructure includes a fully operational petrol filling station equipped with an add-on LPG tank. We are also preparing to launch an ultra-modern petrol filling station facility in Kubwa, FCT.

This upcoming facility will feature a state-of-the-art LPG Plant, a CNG vehicle conversion and refueling plant, an automated car wash, an automated lube bay, and a comprehensive supermarket, underscoring our commitment to innovation and customer satisfaction.

Our Mission, Vision & Core Values

Mission

Our mission is to deliver high-quality petroleum and energy solutions through innovation, operational excellence, and a commitment to sustainability. We strive to enhance the energy landscape with state-of-the-art facilities and services, ensuring our customers receive unparalleled value and satisfaction.

Vision

Our vision is to be a leading provider of integrated energy solutions, renowned for our excellence in petroleum engineering, construction, and marketing. We aim to set the standard for innovation and efficiency in the industry while contributing to the development of our communities and the environment.

Core Values

- **Integrity:** We uphold the highest standards of honesty and transparency in all our business dealings.
- **Excellence:** We are dedicated to delivering superior quality and performance in every aspect of our operations.
- **Innovation:** We embrace cutting-edge technologies and creative solutions to meet the evolving needs of our clients.
- **Customer-Centricity:** We prioritize our customers' needs, striving to exceed their expectations with exceptional service and support.
- **Sustainability:** We are committed to environmental stewardship and sustainable practices, ensuring our operations contribute positively to the world.

OUR SERVICES

- ◆ **Operations:** Effective management and operational support for petroleum facilities, ensuring optimal performance and reliability.
- ◆ **Marketing of Petroleum Products:** Strategic marketing initiatives to promote and distribute our petroleum products effectively.
- ◆ **Energy Consultancy:** Professional consultancy services offering insights and solutions in energy management and efficiency.
- ◆ **Supermarkets:** Provision of essential consumer goods through our well-stocked supermarkets, enhancing convenience for our customers.

OUR TEAM

OVIERO IKECHUKWU SUNNY - CHAIRMAN/CEO

Oviero Ikechukwu Sunny is a highly skilled marine mechanical engineer with an impeccable track records in marine engineering and project management. As Chairman/CEO, particularly with a background in marine mechanical engineering, encompasses setting the overall vision and strategic direction of the company, ensuring alignment with industry trends and technological advancements. He utilize technical knowledge to inform strategic decisions, particularly in marine operations, drilling technologies, and offshore project management. He also oversee

large-scale projects, ensuring they meet engineering standards, timelines, and budget constraints. This includes construction of petrol filling stations, LPG and CNG Plants offshore drilling, sub-sea installations, and maintenance of marine assets while ensuring adherence to safety regulations and environmental standards, particularly in marine environments. He also manage financial strategies to support engineering projects and initiatives, ensuring effective allocation of resources for research and development in marine technologies. Oviero Ikechukwu represent the company in public forums, conveying the importance of engineering excellence and commitment to safety and sustainability. As the Chairman/CEO of the company, he leverages on technical expertise to drive innovation and ensure operational excellence.

MRS. IROROGHENE, PAMELA VIVIAN - MANAGING DIRECTOR

Mrs. Iroroghene, Pamela Vivian - The Managing Director (MD) of the Company is an experienced executive officer with vast knowledge in projects execution across oil and gas sector including petrol filling stations, LPG and CNG plants construction and marketing. Her role is crucial for the company's strategic direction, operational efficiency, and long-term growth. As the MD, she defines the company's strategic vision, mission, and long-term objectives, aligning them with the global energy landscape and the company's strengths. She also responsible for identifying and driving growth opportunities, such as new markets, mergers, acquisitions, and partnerships.

COMPANY OVERVIEW

HISTORY AND BACKGROUND

Founding and Establishment

Efezino Petroleum Engineering and Supply Company Limited was officially incorporated on September 23, 2023, marking the inception of a company dedicated to excellence in the energy sector. Established to address the growing demands of the oil and gas industry, our founding vision was to create a multifaceted enterprise that integrates advanced engineering solutions with efficient procurement, construction, and operational services.

Milestones and Achievements

Since its establishment, Efezino Petroleum Engineering and Supply Company Limited has achieved several significant milestones:

- **Operational Launch:** Successfully commenced operations with the establishment of our first petrol filling station equipped with an add-on LPG tank.

- **Upcoming Projects:** Secured and planned the development of an ultra-modern petrol filling station in Kubwa, FCT, featuring a comprehensive array of facilities, including an LPG plant, CNG vehicle conversion and refueling plant, automated car wash, automated lube bay, and a supermarket.
- **Industry Recognition:** Gained early recognition for our commitment to quality and innovation, setting the stage for future growth and expansion.

Growth and Development

Our growth trajectory reflects our commitment to expanding our service offerings and enhancing our market presence. The company has made substantial progress in scaling its operations and diversifying its portfolio to include engineering, procurement, construction, and marketing of petroleum products, along with energy consultancy and supermarket operations. This strategic expansion is aimed at reinforcing our position as a leader in the energy sector and meeting the evolving needs of our customers.

COMPANY STRUCTURE

Legal Status and Ownership

Efezino Petroleum Engineering and Supply Company Limited is a privately held company, incorporated under Nigerian law with full compliance to regulatory requirements. The company is owned by a group of seasoned professionals with extensive experience in the oil and gas industry, ensuring a solid foundation for operational excellence and strategic growth.

LOCATION AND FACILITIES

Headquarters

Our headquarters is strategically located at No 28 Ughelli Patani Expressway, Delta State. This central location provides us with a significant operational base and facilitates efficient management of our current and upcoming projects.

Branches and Regional Offices

As part of our expansion strategy, we are in the process of establishing additional branches and regional offices to enhance our market reach and operational capabilities. These will include our new ultra-modern petrol filling station facility in Kubwa, FCT, which will serve as a flagship project and operational hub.

Key Facilities & Equipment

- Petrol Filling Station Facility:** Equipped with an add-on LPG tank, ensuring a comprehensive offering of fuel products.
- Upcoming Ultra-Modern Petrol Filling Station:** To feature an LPG plant, CNG vehicle conversion and refueling plant, automated car wash, automated lube bay, and a supermarket, enhancing our service portfolio and customer convenience.

- Key Equipment:** Includes advanced fuelling systems, automated car wash machinery, and modern construction and engineering tools to support our diverse operations.

This overview provides a comprehensive look at Efezino Petroleum Engineering and Supply Company Limited, detailing our history, organizational structure, and facilities. Our focus on growth, innovation, and customer satisfaction positions us as a leading player in the oil and gas industry, committed to delivering high-quality services and solutions.

Core Services

SALES OF OIL AND GAS PRODUCTS

- **Product Range:** Efezino Petroleum Engineering and Supply Company Limited offers a comprehensive range of oil and gas products designed to meet the needs of various sectors. Our product portfolio includes:
- **Petrol (Premium Motor Spirit - PMS):** High-quality petrol for automotive use.
- **Diesel (Automotive Gas Oil - AGO):** Reliable diesel fuel for commercial and industrial applications.

- **Liquefied Petroleum Gas (LPG):** Clean and efficient LPG for domestic and industrial use.
- **Market Reach and Distribution Channels:** Our market reach is extensive, supported by a robust distribution network that ensures timely and efficient delivery of products. We leverage multiple distribution channels, including:
 - **Direct Sales:** Through our operational petrol filling stations.
 - **Wholesale Distribution:** Partnering with bulk buyers and commercial entities.
 - **Strategic Partnerships:** Collaborations with logistics and distribution companies to extend our market presence.

Engineering Services

- Types of Engineering Services Offered:** We provide a range of specialized engineering services, including:
- **Petroleum Engineering:** Expert solutions for oil and gas exploration, production, and reservoir management.
 - **Civil Engineering:** Comprehensive civil engineering services for infrastructure development, including design, analysis, and construction.
 - **Major Projects:** Our engineering services have been pivotal in delivering key projects, such as:
 - **Petrol Filling Station Projects:** Design and construction of state-of-the-art fuelling stations.
 - **Infrastructure Developments:** Civil engineering projects that enhance industrial and residential infrastructure.

Procurement

- Procurement Process and Strategy:** Our procurement process is streamlined to ensure the acquisition of high-quality materials and equipment. Key elements include:
- Strategic Sourcing:** Identifying and engaging with reliable suppliers to obtain the best value.
- Quality Assurance:** Rigorous evaluation and quality checks to meet industry standards.

- Supplier Network and Partnerships:** We maintain strong relationships with a network of trusted suppliers, fostering strategic partnerships that enhance our procurement capabilities. This network supports our diverse service offerings and ensures timely delivery of critical resources.

Construction Services

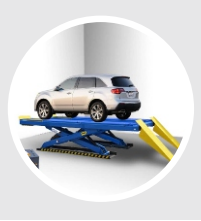

Types of Construction

Projects: Efezino Petroleum Engineering and Supply Company Limited specializes in various construction projects, including:

OUR CERTIFICATIONS

SIZOR ALIGNMENT MACHINE

The SIZOR Alignment Machine is primarily used for wheel alignment, which is essential for vehicle maintenance and performance. It measures and adjusts the angles of the wheels to ensure they are perpendicular to the ground and parallel to each other. This helps improve vehicle handling and tire longevity. It provides detailed reports and data analysis for technicians, helping them understand the alignment status and necessary adjustments. The machine can also help diagnose issues related to suspension and steering, identifying underlying problems that may affect wheel alignment.

- **Oil and Gas Infrastructure:** Development of petrol filling stations, LPG plants, and CNG refueling facilities.
- **Civil Projects:** Construction of infrastructure such as roads, bridges, and commercial buildings.
- **Project Management Approach:** Our project management approach emphasizes:
- **Planning and Execution:** Detailed project planning and execution strategies to ensure timely and within-budget completion.
- **Quality Control:** Adherence to stringent quality standards throughout the construction process.

Operations

- **Operational Services and Expertise:**

Our operational services ensure the efficient running of our facilities, including:

- **Facility Management:** Daily operations management for petrol stations and other facilities.

- **Operational Support:** Expertise in optimizing processes and maintaining operational efficiency.

- **Maintenance and Support Services:** We provide comprehensive maintenance and support services to ensure the longevity and reliability of our facilities. This includes routine maintenance, emergency repairs, and technical support.

DIAGNOSE MACHINE

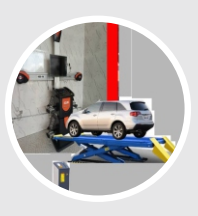

This is the Machine that diagnose Vehicle Engines to detect damages in a Vehicle.

VEHICLE LIFTING MACHINE

Vehicle Lifting Machine for easy Washing of Chassis

LUBE

WAXING MACHINE

Waxing Machine is used to remove scratches from the body of vehicle caused by children when they are packed in a place

Marketing of Petroleum Products

- **Marketing Strategies and Channels:** Our marketing strategies are designed to enhance brand visibility and product reach, employing:
- **Digital Marketing:** Online advertising, social media campaigns, and SEO.
- **Traditional Marketing:** Print media, outdoor advertising, and direct promotions.
- **Branding and Market Positioning:** We focus on building a strong brand presence through:
- **Consistent Branding:** Unified brand messaging and visual identity.
- **Market Positioning:** Strategically positioning our products to capture market share and meet customer needs.

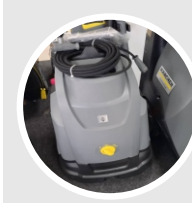

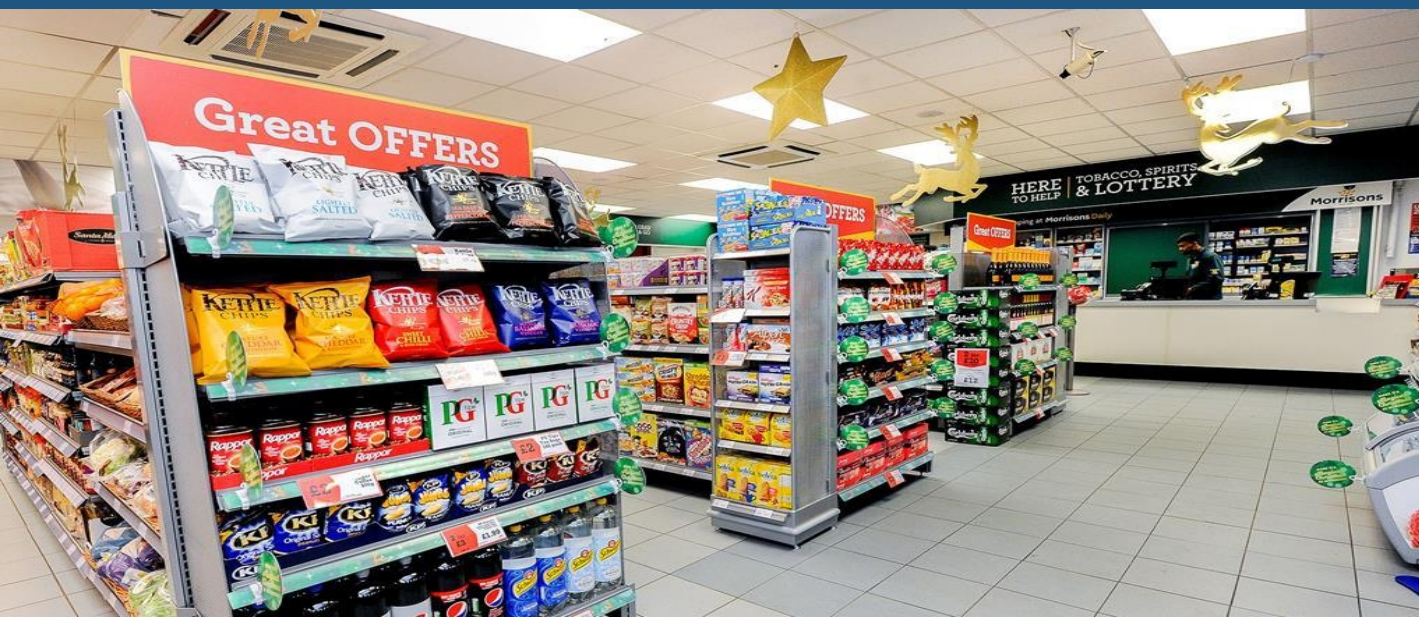

Energy Consultancy

- ◆ **Consultancy Services Offered:** Our energy consultancy services provide expert advice on:
- ◆ **Energy Management:** Strategies for optimizing energy use and reducing costs.
- ◆ **Regulatory Compliance:** Ensuring adherence to industry regulations and standards.
- ◆ **Areas of Expertise and Key Projects:** We offer consultancy in areas such as:
- ◆ **Energy Efficiency Projects:** Implementation of energy-saving measures for various industries.
- ◆ **Feasibility Studies:** Conducting studies to assess the viability of energy projects.

Supermarkets

- **Overview of Supermarket Operations:** Our supermarket operations focus on providing a diverse range of consumer goods, including:
- **Product Range:** Groceries, household items, and specialty products.
- **Customer Service:** High standards of service and customer care.
- **Product Offerings and Market Presence:** We maintain a competitive edge in the supermarket sector by:
- **Diverse Product Offerings:** A wide range of quality products to meet customer needs.

STEAM WASHING MACHINE

This is a Steam Washing Machine for washing engines and removal of grease from Chassis of Vehicles

MOBILE CABIN CONTAINERS

Mobile Cabin Containers for Oil & Gas Sites

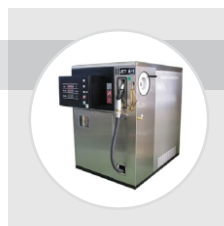

Mobile Cabin Containers for Oil & Gas Sites, Construction Sites, Mining Projects.

AVIATION AND MARINE SYSTEMS

Aviation, AirPort, & Marine Fueling Systems

We are an exclusive agent for LAFON France. Best Aviation Fueling Units supplier, Mobile Fueling Trucks, Military Fueling System, and more.

MARKET PRESENCE

- **Strategic Location:** Supermarkets positioned in key locations to maximize accessibility and convenience.

Industry Landscape

- **Market Trends and Dynamics:** The oil and gas industry continues to evolve rapidly, influenced by several key trends and dynamics:
- **Transition to Cleaner Energy:** There is a growing shift towards cleaner energy sources and technologies, such as LPG and CNG, driven by environmental regulations and consumer preferences.
- **Technological Advancements:** Innovations in exploration, production, and refining technologies are enhancing efficiency and reducing costs.
- **Increasing Demand:** The demand for petroleum products remains strong, particularly in emerging markets, driven by industrialization and urbanization.
- **Regulatory Changes:** Changes in regulatory frameworks are impacting operational practices, necessitating adaptability and compliance.
- **Competitive Analysis:** Efezino Petroleum Engineering and Supply Company Limited

operates in a competitive environment characterized by:

- **Established Players:** Large multinational corporations with extensive resources and market share.
- **Emerging Competitors:** New entrants leveraging innovative technologies and business models.
- **Differentiation:** Our focus on integrating advanced engineering solutions, high-quality products, and comprehensive services positions us uniquely in the market, allowing us to compete effectively by offering superior value and customer-centric solutions.

CLIENTELE

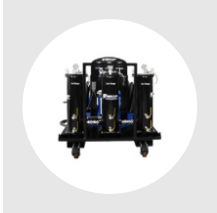

- **Key Clients and Partnerships:** We have established relationships with a diverse range of clients, including:
- **Industrial Clients:** Companies requiring bulk petroleum products and engineering solutions.
- **Commercial Entities:** Businesses seeking integrated energy solutions and construction services.
- **Government and Public Sector:** Projects involving infrastructure development and public utility services.

Strategic partnerships with suppliers, technology providers, and service contractors enhance our

ability to deliver comprehensive solutions and maintain high standards of quality.

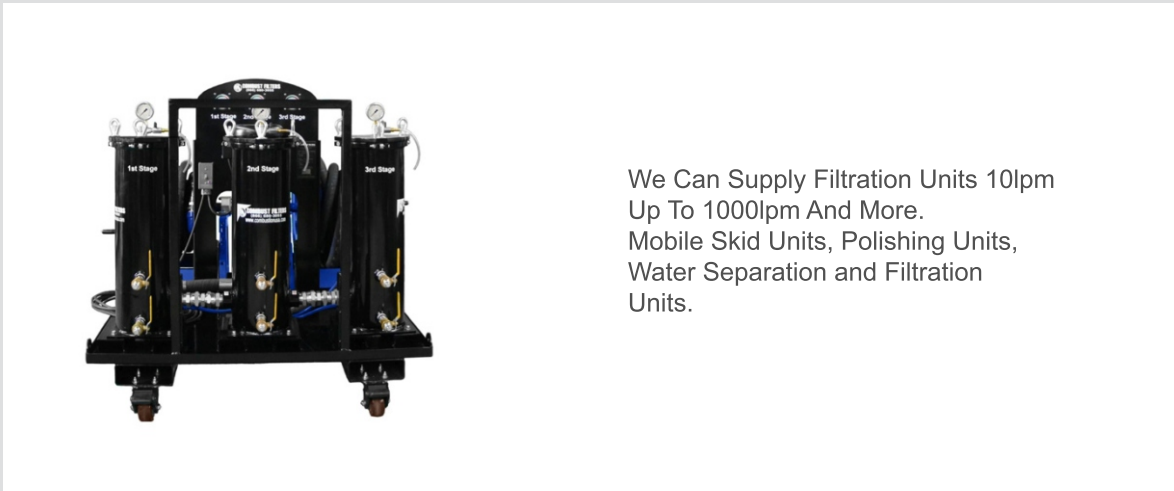

Geographical Coverage

- **Areas of Operation:** Efezino Petroleum Engineering and Supply Company Limited operates across key regions, including:
 - **Delta State:** Our operational Headquarters and initial petrol filling station facility.
 - **FCT (Federal Capital Territory):** Upcoming construction of an ultra-modern petrol filling station in Kubwa, which will serve as a major operational hub.
 - **Expansion Plans:** Our strategic expansion plans are aimed at broadening our market presence and enhancing service delivery:
 - **Regional Expansion:** Plans to establish additional facilities and regional offices to increase our geographical footprint and service capabilities.
 - **New Projects:** Development of new petrol filling stations, LPG plants, CNG refueling facilities, and supermarkets to meet growing market demands and enhance customer convenience.

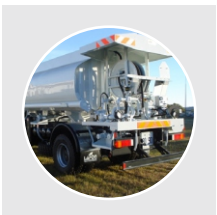

FILTERS

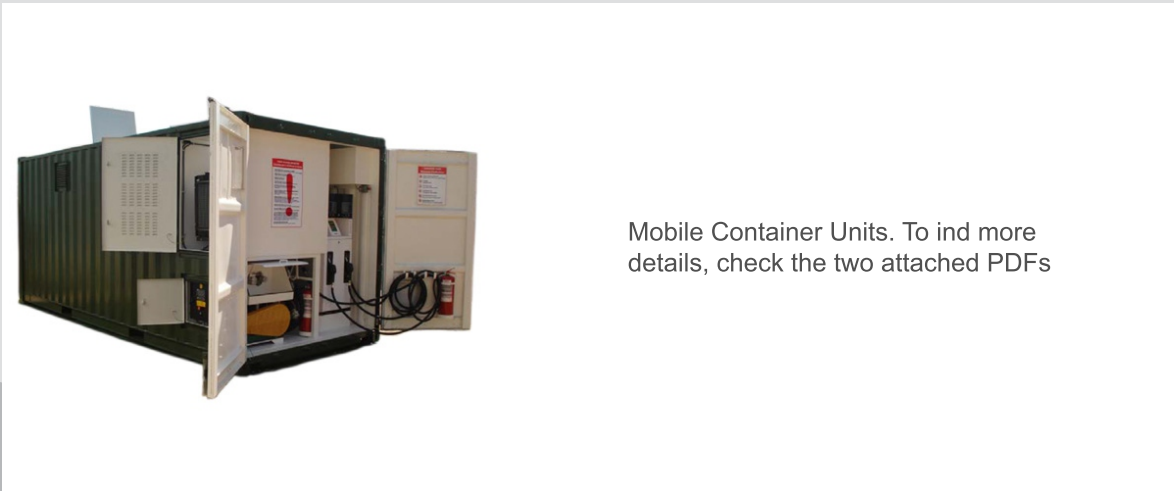

We Supply All Types of Filters

We Can Supply Filtration Units 10lpm Up To 1000lpm And More. Mobile Skid Units, Polishing Units, Water Separation and Filtration Units.

MOBILE FUELING STATIONS

Mobile Container Units. To ind more details, check the two attached PDFs

EX PROOF

Ex-Proof Lights

ATEX
INDUSTRIES

Metering Solutions for Petroleum products

HOSES

Hoses & Hose Clamps

We can supply LPG, crude oil, fuel oil, chemecal, petroleum, and petrochemical hoses and hose clamps.

HEALTH, SAFETY, AND ENVIRONMENTAL (HSE) POLICIES

◆ HSE Practices and Compliance:

We are committed to maintaining the highest standards of health, safety, and environmental (HSE) practices. Our HSE policies are designed to:

◆ Ensure Safe Operations:

Implement comprehensive safety protocols to protect our employees, clients, and the environment during all phases of operation, from engineering and construction to product sales and service delivery.

◆ Environmental Protection:

Adopt environmentally responsible practices to minimize our impact, including waste management, pollution control, and sustainable resource usage.

◆ Regulatory Compliance:

Ensure compliance with all relevant health, safety, and environmental regulations and standards.

◆ Training and Safety Programs:

Our dedication to safety is reflected in our proactive training and safety programs, which include:

◆ Employee Training:

Regular safety training sessions for all employees to ensure they are well-informed about safety procedures, emergency response protocols, and the proper use of personal protective equipment (PPE).

◆ Safety Drills:

Conducting regular safety drills and simulations to prepare for potential emergencies and ensure swift and effective responses.

◆ Continuous Improvement:

On-going review and enhancement of safety practices and training programs based on industry developments, regulatory changes, and feedback from safety audits.

COMMITMENT TO QUALITY & SAFETY

Quality Assurance

◆ **Quality Control Processes:** At Efezino Petroleum Engineering and Supply Company Limited, quality is at the core of our operations. Our quality control processes are designed to ensure that every product and service we deliver meets the highest standards. Key elements of our quality control include:

◆ **Rigorous Testing:** Comprehensive testing and inspection protocols for all products and materials used in our projects, including oil and gas products, construction materials, and engineering components.

◆ **Process Optimization:** Continuous evaluation and improvement of operational processes to enhance efficiency and product quality.

◆ **Supplier Quality Management:** Close monitoring and evaluation of suppliers to ensure that they meet our stringent quality standards.

◆ **Certifications and Standards:** We adhere to international and industry-specific standards to guarantee the quality of our offerings. Our certifications include:

◆ **ISO Certifications:** Compliance with ISO standards for quality management, environmental management, and health and safety.

◆ **Industry Standards:** Adherence to industry-specific standards, including those set by regulatory bodies for petroleum and construction sectors.

◆ **Accreditations:** On-going certification processes to ensure alignment with evolving industry standards and best practices.

CSR | CORPORATE SOCIAL RESPONSIBILITY

COMMUNITY ENGAGEMENT

- **CSR Projects and Contributions:** Efezino Petroleum Engineering and Supply Company Limited is committed to positively impacting the communities where we operate through a range of CSR initiatives. Our efforts are aimed at enhancing societal well-being and fostering sustainable development. Key areas of our community engagement include:
- **Educational Support:** Providing scholarships, educational materials, and resources to local schools and students to support their academic progress and future opportunities.
- **Healthcare Initiatives:** Partnering with local healthcare facilities to improve access to medical services and promote public health through donations and community health programs.
- **Infrastructure Development:** Supporting community infrastructure projects, such as road improvements and public facility enhancements, to uplift the quality of life for residents.
- **Environmental Conservation:** Engaging in environmental conservation efforts, including tree planting and waste management initiatives, to promote ecological sustainability and enhance local environments.

FLOW METERS

We Supply All Types of Pumps

Metering Solutions for Petroleum products

Oil & Gas Flow Meters

High accuracy PD low meters, Solenoid Valves, and Filters

PUMPS

We Supply All Types of Pumps

Plastic Acid Pumps

- **Care for Orphans, Widows, and the Elderly:** Implementing targeted programs to support orphans, widows, and the elderly in our communities. This includes:
- **Orphan Support:** Providing financial assistance, educational support, and essential resources to orphanages and individual orphans to ensure their well-being and development.
- **Widow Assistance:** Offering financial aid, vocational training, and community support programs to widows to help them achieve economic stability and independence.
- **Elderly Care:** Establishing programs to support the elderly, including providing health care services, financial assistance, and community engagement activities to improve their quality of life and ensure they feel valued and cared for.

PETROL STATION

Fuel Dispensers, LPG dispensers, Petrol station Automation System & Accessories

SPYRIDES SA

We can supply all petrol station products and accessories; such as fuel dispensers, submersible pumps, hoses, nozzles, underground piping system, vapor recovery system, fuel tanks, automation system, and spare parts.

ETHICAL PRACTICES

- ◆ **Ethical Standards and Business Practices:** Efezino Petroleum Engineering and Supply Company Limited is dedicated to maintaining the highest ethical standards in all aspects of our operations. Our commitment to ethical practices includes:
- ◆ **Integrity and Transparency:** Conducting our business with honesty and transparency, ensuring fair and accountable dealings with clients, suppliers, and stakeholders.
- ◆ **Compliance & Governance:** Adhering to all relevant laws, regulations, and industry standards. Our governance framework includes comprehensive policies and procedures to ensure ethical conduct and prevent corruption.

- ◆ **Respect for Stakeholders:** Treating all stakeholders, including employees, clients, and community members, with respect and fairness. We are committed to diversity, inclusion, and fostering a supportive work environment.
- ◆ **Responsible Business Practices:** Engaging in responsible business practices that prioritize environmental sustainability, social responsibility, and ethical decision-making. We regularly review and update our policies to align with best practices and evolving industry standards.

Efezino Petroleum Engineering and Supply Company Limited's commitment to corporate social responsibility is a reflection of our dedication to making a meaningful difference in society while upholding the highest ethical standards.

Our community engagement initiatives, particularly our focus on supporting orphans, widows, and the elderly, demonstrate our commitment to creating lasting, positive impacts for the communities we serve.

PUMPS

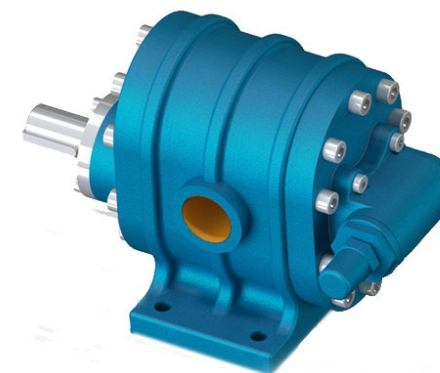

We Supply All Types of Pumps

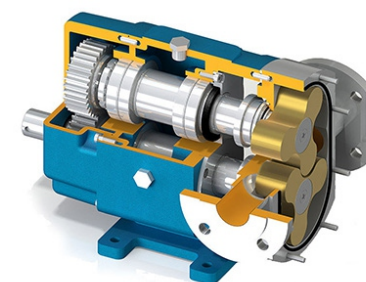

NEOTEC

Submersible Pump

<https://www.neotec.gr>

Gear Type Pumps

Lobe Pumps

PUMPS

We Supply All Types of Pumps

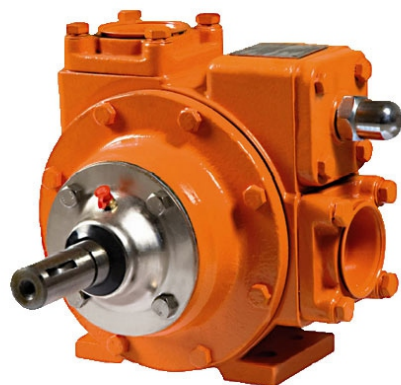

LPG Pumps

Side Channel Centrifugal Pumps

Air Operated Double
Diaphragm Pumps

NEOTEC

Rotary Vane Type Pumps

OUR PRODUCTS

- ◆ Control Valves
- ◆ Regulators
- ◆ Pumps
- ◆ Petrol Stations
- ◆ Flow Meters
- ◆ Turnkey Projects
- ◆ Hoses
- ◆ Filters
- ◆ Mobile Fueling Stations
- ◆ Mobile Cabin Containers
- ◆ Aviation and Marine Systems

CONTROL VALVES

Valves, Actuators, and Accessories

High Quality Ball Valves, Needle Valves,
& Sight Glasses

Solenoid Valves, Actuated Ball &
Butterfly Valves, Pneumatic & Electric
Actuators

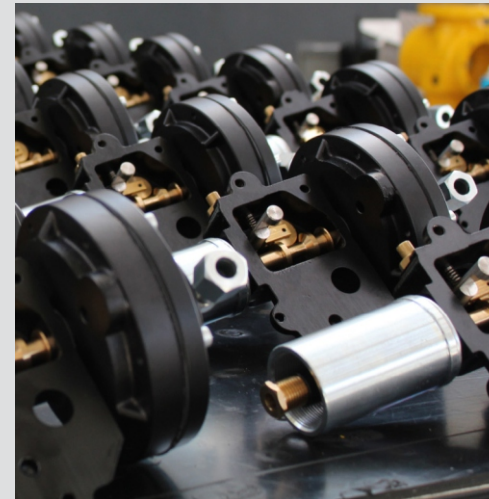

ADCA & ADCA Pure (Hygienic) Steam
Traps and Control Valves

REGULATORS

Gas Pressure Regulators, Filters, and Safety Valves

High Quality Ball Valves, Needle
Valves, & Sight Glasses

TURNKEY PROJECTS

LPG, LNG, CNG, and Natural GAS
Turnkey Projects
